Respected Sir/Madam,

Subject: TNPCB warning of Pollution by ETPS Ignored – ETPS Expansion proposed in over-polluted Ennore – COVID Omicron scare – Cancel Public Hearing, Withdraw Project.

We write as civil society organizations and citizens of Chennai concerned about our present pollution and health situation and our children's future to ask you to cancel the public hearing for the 660MW Ennore Thermal Power Station (expansion) project. A public hearing is meant to provide an equal opportunity for all interested persons to participate and air their views on the proposed project. Many of us are keen to participate in the public hearing if the government fails to heed our demand that over-polluted north Chennai should not be targeted with further pollution. The rising concern over Omicron cases, and the government's own cautionary directives warning against large gatherings, throws in question the usefulness of a public hearing at this juncture as it will deny an opportunity to participate to at-risk populations including unvaccinated and the elderly people and those whose health is compromised due to pollution from existing industries and power plants.

Please find enclosed an agenda note (Annexure 1) tabled at the Chennai Metropolitan Development Authority in November 2018. The note contains a mention of TNPCB's warning that

the proposed power plant poses a pollution threat to residents who are to be relocated to the 6877 slum resettlement flats built on Tamil Nadu Housing Board lands in Ernavur. This note is an admission by TNPCB that ETPS is a threat to the health of residents, not just of those proposed to be moved there, but people who are already resident there. We are deeply saddened that neither CMDA, nor TNPCB, nor those in the government that are supposed to care for our health feel that going ahead with this project is an act of social discrimination. Why is the government ignoring our health? Will it treat the residents of the elite localities in Chennai with the same disdain?

North Chennai, with its higher than average proportion of SC/MBC communities, has continuously been targeted with toxic facilities including 34 red category industries wherein no new environmental and health burden by further industrial proposals is the need of the hour. Cleaning up the already polluted air sheds and ash choked Ennore backwaters will be the just direction by the government and regulatory bodies in order to make the already pollution-impacted area a livable place.

At a time when existing residents are demanding cleaner air, water and environment, the government's move of adding to the pollution and bringing 6877 families of urban poor to a polluted zone is not correct.

We request you to kindly cancel the Public Hearing and the polluting ETPS expansion project. Tamil Nadu has made great strides in social justice. This government should ensure that this tradition is strengthened.

Thank You,

7.	<p>Recommendation of Technical Committee meeting held on 02.01.2018.</p> <p>"The Technical Committee discussed the subject in detail. The Committee observed that the site under reference abuts Ennore-Thiruvottiyur Road and the Ennore Thermal Power Station exists on the other side of the road. The Committee also observed that expansion of the Thermal Power Station is under construction. Further the Committee observed that Residential Quarters of the Tamil Nadu Electricity Board (TNEB) and their Central Office exist in the surrounding.</p> <p>The representative from the Tamil Nadu Pollution Control Board (TNPCB) expressed his concern on the possible pollution due to the nearby Thermal Power Station and its impact on the proposed residential developments.</p>	

	The Committee recommended to place the subject before the Authority for suitable decision after obtaining specific remarks from TNEB & TNPCB on the reclassification proposal.
8.	The Principal Secretary/ Chairman Cum Managing Director, TANGEDCO in letter dated 07.05.2018 has informed that the reclassification of the subject TNHB land and large scale settlement of displaced families will invite issues in obtaining Environmental Clearance for the proposed ETPS expansion Thermal Power Project (1x660MW) and extension of Environmental Clearance for the Ennore Expansion Thermal Power Project (1x660MW). Considering this and the projected power demand for the State, TANGEDCO has requested to ensure that their activities /interests are not affected while taking a decision on the reclassification proposal.
9.	The Member Secretary, Tamil Nadu Pollution Control Board in letter dated 12.02.2018 has stated that the upcoming TANGEDCO projects in the western side of the site under reference may have an impact of the proposed residential complex of TNHB.

A copy of the note placed before the Technical Committee is enclosed as **Annexure-1**. The recommendation of the Technical Committee and the remarks of TNEB and TNPCB are placed before the Authority for suitable decision.
